Alex Mercer
Seattle, WA | alex.mercer@example.com | (555) 019-2834 | https://linkedin.com/in/alexmercer

PROFESSIONAL SUMMARY
Senior Backend Engineer with 6+ years of experience designing high-throughput distributed systems in Python and Node.js. Experienced in event-driven architectures, microservices, and Postgres optimization.

WORK EXPERIENCE
Senior Backend Engineer | CloudScale Inc.
Jan 2021 - Present | Seattle, WA
- Architected microservices handling 25M daily requests using Python and FastAPI.
- Reduced database p99 latency by 45% through Postgres query optimization and Redis.
- Led migration of legacy monolith to containerized Kubernetes deployment on AWS.

Software Engineer | DevStream Solutions
Jun 2018 - Dec 2020 | Portland, OR
- Built RESTful APIs with Node.js and TypeScript serving 100k active users.
- Automated CI/CD pipelines reducing deployment failure rate by 60%.
- Integrated third-party payment gateways with Stripe and PayPal APIs.

EDUCATION
Bachelor of Science in Computer Science
University of Washington | Sep 2014 - Jun 2018 | GPA: 3.8

SKILLS
Languages: Python, TypeScript, JavaScript, SQL
Frameworks: FastAPI, Django, Express, React
Infrastructure: AWS, Docker, Kubernetes, Terraform, Postgres, Redis

PROJECTS
JobPilot Agent: Autonomous AI-driven career acceleration tool built with Python.
DataSync Engine: Real-time distributed data replication service built with Kafka.

CERTIFICATIONS
AWS Certified Solutions Architect - Associate (2022)
